the sounds of science provides a comprehensive account of a large scale scientific experiment with globally operating seafood corporations headquartered in north america europe and asia it describes how scientists worked to identify these world s largest seafood companies and how their disproportionate powers were mobilized in a coalition of companies called seabos seafood business for ocean stewardship aiming to provide global and science based industry leadership on ocean stewardship as invoked by the cover art flow 2020 by world renowned creative director kashiwa sato the experiment is creating a small wave of change that sits within a larger wave supporting and generating larger movements towards improved stewardship of the planet a new direction for the private sector is emerging and new priorities are flourishing the book explores how corporations guided by science can be part of the

solution to the biosphere challenges written in collaboration with international experts on sustainability ocean ecosystems fisheries policy and corporations this book explores the mechanisms leading to the evolution of cooperation and the barriers to address in order to engage in collaborative learning corporate change and novel science it offers tangible advice to scientists on how to work with the private sector for a better more sustainable world the sounds of science is an important resource for scientists interested in engaging with the private sector corporate leaders and policy makers will find this book useful for understanding collaborating and working with the planet to reach global sustainability goals details the origin developments and effects of seabos seafood business for ocean stewardship offers workable solutions and out of the box thinking for university scientists chief executives and corporatesustainability experts provides insight on tools conditions and navigation techniques for cooperation across cultures includes insider and personal perspectives of developing and nurturing relationships between ocean scientistsand corporate leaders

john dover wilson s new shakespeare published between 1921 and 1966 became the classic cambridge edition of shakespeare s plays and poems until the 1980s the series long since out of print is now reissued each work is available both individually and as a set and each contains a lengthy and lively introduction main text and substantial notes and glossary printed at the back the edition which began with the tempest and ended with the sonnets put into practice the techniques and theories that had evolved under the new bibliography remarkably by today s standards although it took the best part of half a century to produce the new shakespeare involved only a small band of editors besides dover wilson himself as the volumes took shape many of dover wilson s textual methods acquired general acceptance and became an established part of later editorial practice for example in the arden and new cambridge shakespeare

in an attempt to discover the one idea with respect to which goethe claimed he had worked while writing die wahlverwandtschaften taking my cue from goethe himself i have united the investigational techniques of hermeneutics and complexity or chaos theory and brought them to bear on the structure of several of the mirroring events in the text the overwhelming conclusion of this author is that like those investigating chaos in nature literary theorists must turn to comprehensive approaches if they wish to treat seriously the structure of texts as works which flow from nature the nature of the human mind

documentary literature became an international phenomenon on the cultural and political scene in the 1960s and 1970s from the american new journalism in works by such writers as norman mailer and tom wolfe to the german industrierportagen by günther wallraff and others documentarism presented a variety of controversial interplays between facts and fiction labeled as faction fables of

fact or the like scandinavian literature made important and unique contributions to this international movement and documentarism in scandinavian literature is the first comprehensive volume ever published on the historical significance and future implications of these nordic dimensions of documentarism and their international context the volume is centered on swedish documentary literature in the 1960s and 1970s and on such major writers as per olov enquist sven lindqvist sara lidman and per olov sundman but the powerful voices of danish writer thorkild hansen and norwegian novelist dag solstad are also heard in its critical concert the diversity of documentarism in scandinavian literature is further enhanced by surveys and analyses of the historical background for more recent works and activities and by theoretical inquiries into the epistemological status of documentarism its theoretical narrative and theatrical devices its predominant genres and links to other modes of mass communication and its political affiliations and implications for readers already familiar with its subject matter documentarism in scandinavian literature offers an opportunity to revisit and recontextualize a crucial moment in their recent cultural past for readers who have yet to be exposed to documentary works of fiction the volume presents a timely theoretical historical and critical introduction to the key problematics and potentials of their novel field of interest whether viewed as part of the past or part of the present documentarism remains an intellectual challenge which this volume is aimed at addressing documentarism in scandinavian literature is edited by two scandinavian scholars living abroad and its essays are written by senior and junior scholars and critics from scandinavia europe and america an interview with per olov enquist and an autobio graphical piece by sven lindqvist complete the volume

much of what is known about the past often rests upon the chance survival of objects and texts nowhere is this better illustrated than in the fragments of medieval manuscripts re used as bookbindings in the sixteenth and seventeenth centuries such fragments provide a tantalizing yet often problematic glimpse into the manuscript culture of the middle ages exploring the opportunities and difficulties such documents provide this volume concentrates on the c 50 000 fragments of medieval latin manuscripts stored in archives across the five nordic countries of denmark finland iceland norway and sweden this large collection of fragments mostly from liturgical works provides rich evidence about european latin book culture both in general and in specific relation to the far north of europe one of the last areas of europe to be converted to christianity as the essays in this volume reveal individual and groups of fragments can play a key role in increasing and advancing knowledge about the acquisition and production of medieval books and in helping to distinguish locally made books from imported ones taking an imaginative approach to the source material the volume goes beyond a strictly medieval context to integrate early modern perspectives that help illuminate the pattern of survival and loss of latin manuscripts through post reformation practices concerning reuse of parchment in so doing it

demonstrates how the use of what might at first appear to be unpromising source material can offer unexpected and rewarding insights into diverse areas of European history and the history of the medieval book

this collection of articles is written by psychologists and pedagogues from two countries the contributors from Norway work in the field of sport science at the Finnmark University College in Alta while those from Poland are psychologists pedagogues and sociologists conducting their research in varied fields at the Pomeranian University in Szczecin the common feature is that all of these scholars are interested in the same field of research motivation therefore this book examines the issue of motivation from various angles and different approaches at the same time the articles also provide insight into the similarities and differences that are specific to given countries series Psychologie vol 52

Populism Reader accompanies Populism an exhibition project in four European cities Vilnius Oslo Amsterdam Frankfurt am Main exploring the relationships between contemporary art and current populist cultural and political trends conceived as an anthology the publication comprises essays covering various aspects and approaches to the populist experience the book is designed by M M Paris and illustrated by Atelier van Lieshout contributions stem from amongst others activists journalists art critics philosophers and political scientists the Populism Reader goes beyond academic styles in order to respond to historical and current aspects of the populist experience as they surface in relation to art activism the role of the intellectual political desires religion and other issues publisher's website
